The Journal of Business Communication
Index to Volume 25, Numbers 1-4

This index covers Volume 25 of *The Journal of Business Communication*. It is arranged by author/title, title/author, and keyword. Book and film reviews are indexed separately.

The numbers 25:1:65-86:Winter 1988 represent the volume, issue, page numbers, and date respectively. In the case of book and film reviews, only the beginning page of the review is given. The name appearing at the end of each review citation is that of the reviewer or review editor. The author index includes the names of all authors; when there is more than one author for any article, entries are made under the name of the coauthors also. The title and keyword indexes together provide a subject approach.

The Index to Volumes 1-10 was published in Summer 1976 (Volume 13, Number 4); the Index to Volumes 11-16 was published in Fall 1979 (Volume 17, Number 1). Subsequent indexes have appeared annually; the preceding volume's index appears in the first issue of the subsequent volume.
